The Listing Regulations divide the events that need to be disclosed broadly in two categories:

1. The events that have to be necessarily disclosed without applying any test of materiality are indicated in Para A of Part A of Schedule III of the Listing Regulation, as amended from time to time.
2. Para B of Part A of Schedule III, as amended from time to time, indicates the events that should be disclosed by the listed entity, if considered material.

As per Regulation 30(3) of the Listing Regulations, the Company shall make disclosure of events specified in Para B of Part A of Schedule III based on application of the guidelines for materiality, as specified in Regulation 30 (4), as follows:

- (a) the omission of an event or information, which is likely to result in discontinuity or alteration of event or information already available publicly; or
- (b) the omission of an event or information is likely to result in significant market reaction if the said omission came to light at a later date;

(c) in case where the criteria specified in sub-clauses (a) and (b) are not applicable, an event/information may be treated as being material if in the opinion of the Board of Directors of the Company, the event / information is considered material.

In case of any modification, addition or deletion of these guidelines, in future, the Company shall accordingly make requisite disclosures.

4. Competent Authority for determining material events/information and making disclosures:

The Listing Regulations requires the Board of Directors to authorize one or more Key Managerial Personnel for the purpose of determining materiality of an event or information which qualifies for disclosure under Regulation 30 of Listing Regulations and to decide the timeline within which such disclosure is required to be disseminated to the stock exchanges.

The Board of Directors has authorised Managing Director, CFO and Company Secretary, the Key Managerial Personnel for compliance of these disclosures.
